

DHANUSHKA SAHAN

UX/UI DESIGNER

Harankahawa Hemmathagama | +94 76 254 2373 | ghanushkasahan550@gmail.com | behance.net/dhanushkasahan
linkedin.com/in/dhanushkasahan

Creative and detail-oriented professional with **5 years of experience in Graphic Design**, currently pursuing a **BSc (Hons) in Business Information Systems** at the University of Sri Jayewardenepura. Transitioning into UX/UI design with a strong foundation in visual aesthetics, user-centric thinking, and problem-solving. Proven ability to create engaging digital assets and now seeking an internship to apply my design expertise and academic knowledge in creating seamless user experiences.

EXPERIENCE

Freelance Graphic Designer | Self-employed Jan 2019 – Present

- Delivered **100+ design projects** (Branding & Social Media) for local and international clients.
- Expertise in Visual Hierarchy, Typography, and Color Theory to create impactful layouts.
- Managed end-to-end design workflows, from client briefing to final delivery, meeting tight deadlines.

LEADERSHIP & VOLUNTEERING

Vice President | S@IT Department of Business Information Systems

Jan 2025 – Jan 2026

- Leading association activities, coordinating events, and managing team communications.
- Collaborative decision-making to improve student welfare and department engagement.

Department Batch Representative | University of Sri Jayewardenepura

2024 – Present

- Serving as the **primary liaison** between the faculty and students within the **BIS Department**
- Organizing academic schedules and resolving student-related issues effectively.

EDUCATION

BSc Honours in Business Information Systems | University of Sri Jayewardenepura

2021 – Present

Pursuing a **BSc (Hons) in Business Information Systems**, blending **Software Engineering** and **ERP workflows** with **UX design**. Skilled in using **Business Analysis** to create data-driven, functionally robust interfaces that align with complex business logic

G.C.E. Advanced Level

2022-2023

Achieved a **District Rank of 51** with **3A Passes** in ICT, Accounting, and Business Studies. This reflects a strong foundation in technical literacy and business logic, recognized for academic excellence in a highly competitive national examination

Certifications

- Web Design: from Figma to Webflow to Freelancing | Udemy
- Web Development Program | SLIIT

PROJECTS

AURA – Yoga & Wellness Mobile App | DHACK Inter-University UX/UI Competition

- Designed a high-fidelity wellness app prototype in Figma with a focus on User Research and intuitive navigation.
- Developed a complete **Design System** and calming visual aesthetic based on identified user pain points.
- Optimized the user journey through **interactive prototyping**, accessibility standards, and smooth transitions.

GoPark – Car Park Space Booking System | Full-Stack Development Project

- Developed a web-based reservation system using HTML, CSS, JS, and PHP to streamline urban parking.
- Designed a real-time interface for slot availability and secure booking using **Business Analysis** for database logic.
- Bridged **UI Design and Frontend Development** by implementing responsive layouts and form validation.
